

Stanford in the Vale Summer Home Learning websites

If you want to do some activities with your child over the Summer Holidays please do. Below are some useful web sites, however if you want to move away from technology why not try completing the tasks on the Summer Home Learning Challenge (attached).

Daily Letters and Sounds lessons on YouTube for home and school -
<https://www.wandleenglishhub.org.uk/lettersandsounds>

Phonics play - user name and password on the school website - www.phonicsplay.co.uk

A great site to practice your phonics, blending and tricky words.

Maths whizz - www.mathwhizz.com

Keep working on your maths skills across all aspects of the maths curriculum.

Purple mash - www.purplemash.com

Complete a range of activities across the whole of the curriculum.

Espresso - username and password on the school website- www.discoveryeducation.co.uk

A site that contains a wealth of information - through videos, text and games.

BBC Bitesize - Look back at the daily lessons for your age - www.bbc.co.uk/bitesize

Lessons across the whole curriculum for Key Stage One and Key Stage Two.

Classroom secrets - free home learning packs for each year group from the summer term - www.classroomsecrets.co.uk

The packs focus on the Maths and English curriculum. Nice, short activities.

Hamilton trust - learning at home packs for all year groups from each week of the summer term - www.hamilton-trust.org.uk

Go through the 'Use for free tab,' click on Home Learning packs and pick the subject area - English, Maths, Science or Topic.

Oak National Academy - choose your correct year group, choose the subject you would like to focus on ie, Maths, English, PE etc then choose a topic to complete a lesson on.
www.thenational.academy

White Rose - <https://whiterosemaths.com/resources/primary-resources/parent-workbooks/>

The site have created some Maths Summer workbooks for all Year Groups.
